## MORE THAN

110

COMPANIES

44

SPEAKERS

190

DELEGATES

>66

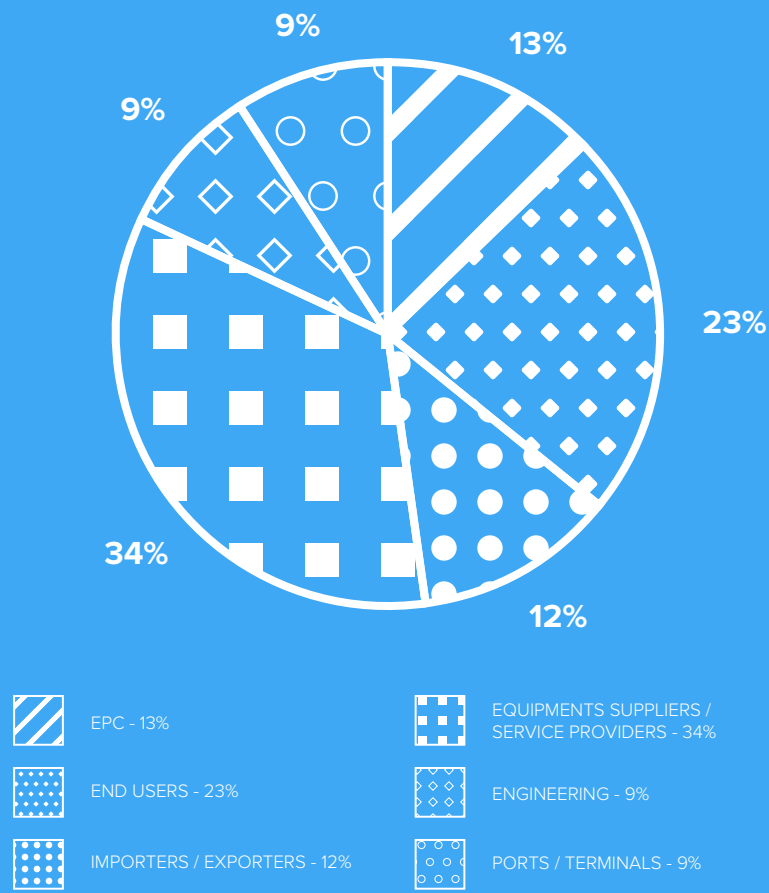

MEETINGS  
ORGANIZED

30%

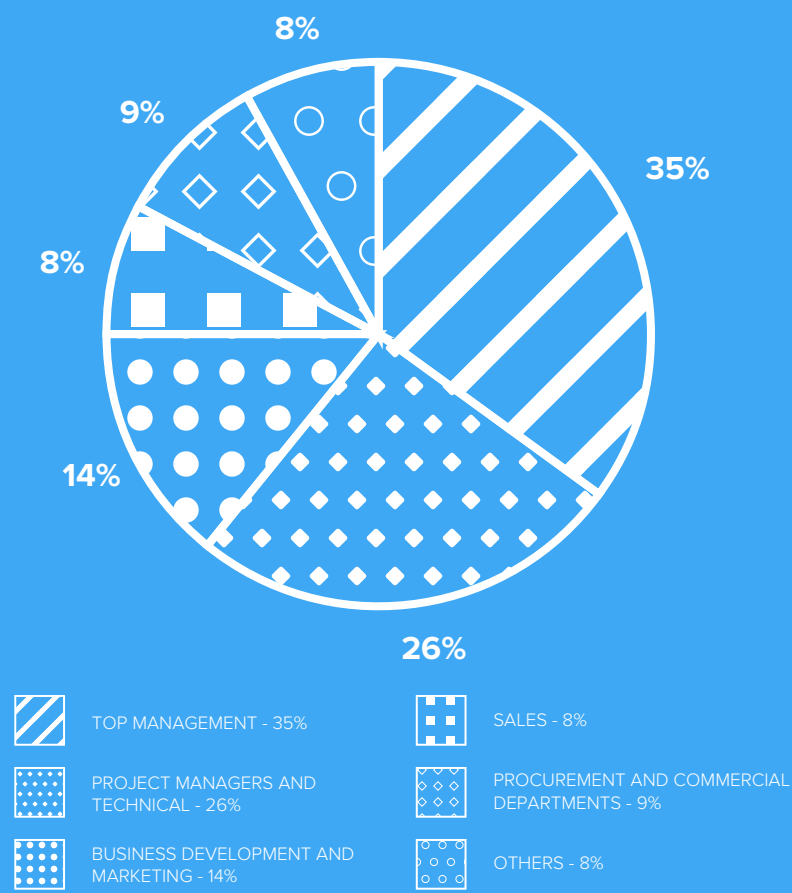

REGISTERED ON  
THE 3<sup>RD</sup> LNG CONGRESS  
DURING THE EVENT

# ATTENDEE BREAKDOWN

## COMPANY TYPE

## SENIORITY

# BUSINESS PROGRAM, DAY 1

## Plenary session. **LNG Market trends**

LNG market outlook

Governmental structures' overview

Global market forecast

Coffee - break

### Session 1. **Large-scale LNG**

PART 1

Technical Stream

- LNG Projects End to End
- Onshore LNG Plant design
- Liquefaction technologies selection
- Regasification plant technology
- Design and optimization of large-Scale LNG plants

### Session 2. **Small-scale LNG**

PART 1

Business stream

- European market observation
- European LNG infrastructure
- Regulatory framework for LNG deployment in Europe

Lunch

### Session 1. **Large-scale LNG**

PART 2

Business Stream

- Structuring, Financing, Risk and Asset Management
- Developed markets outlook from key players
- Emerging markets outlook

### Session 2. **Small-scale LNG**

PART 2

Technical Stream

- Cost-Effective Modularization and Standardization solutions
- Modular construction and plug-and-play solutions
- Challenges and technical solutions for Small-Scale LNG applications
- Small-to-medium scale LNG production plants and LNG supply chain solutions

# BUSINESS PROGRAM, DAY 2

## Session 3. **LNG as a fuel**

PART 1

### LNG as a fuel

- Developing an LNG fueling\bunkering infrastructure
- Boil Off management for LNG bunkering and LNG as a Fuel
- Innovations in LNG bunkering market
- Profitable and sustainable LNG infrastructure development

## Session 4. **Marine Engineering**

### Novel concepts for LNG carrier\FSRU design

- Ship-to-ship and ship-to shore operations;
- Cargo handling, LNG containment technologies;
- Case study.

Coffee - break

## Session 3. **LNG as a fuel**

PART 2

### Marine transportation

End Users' experience.  
Case studies.

## Session 5. **LNG pricing and trading**

### LNG pricing and trading

- LNG pricing and trade flows
- Developments in sale and purchase agreement
- Market dynamics
- Changes in LNG spot trading

Lunch

## Session 3. **LNG as a fuel**

PART 3

### Road transportation

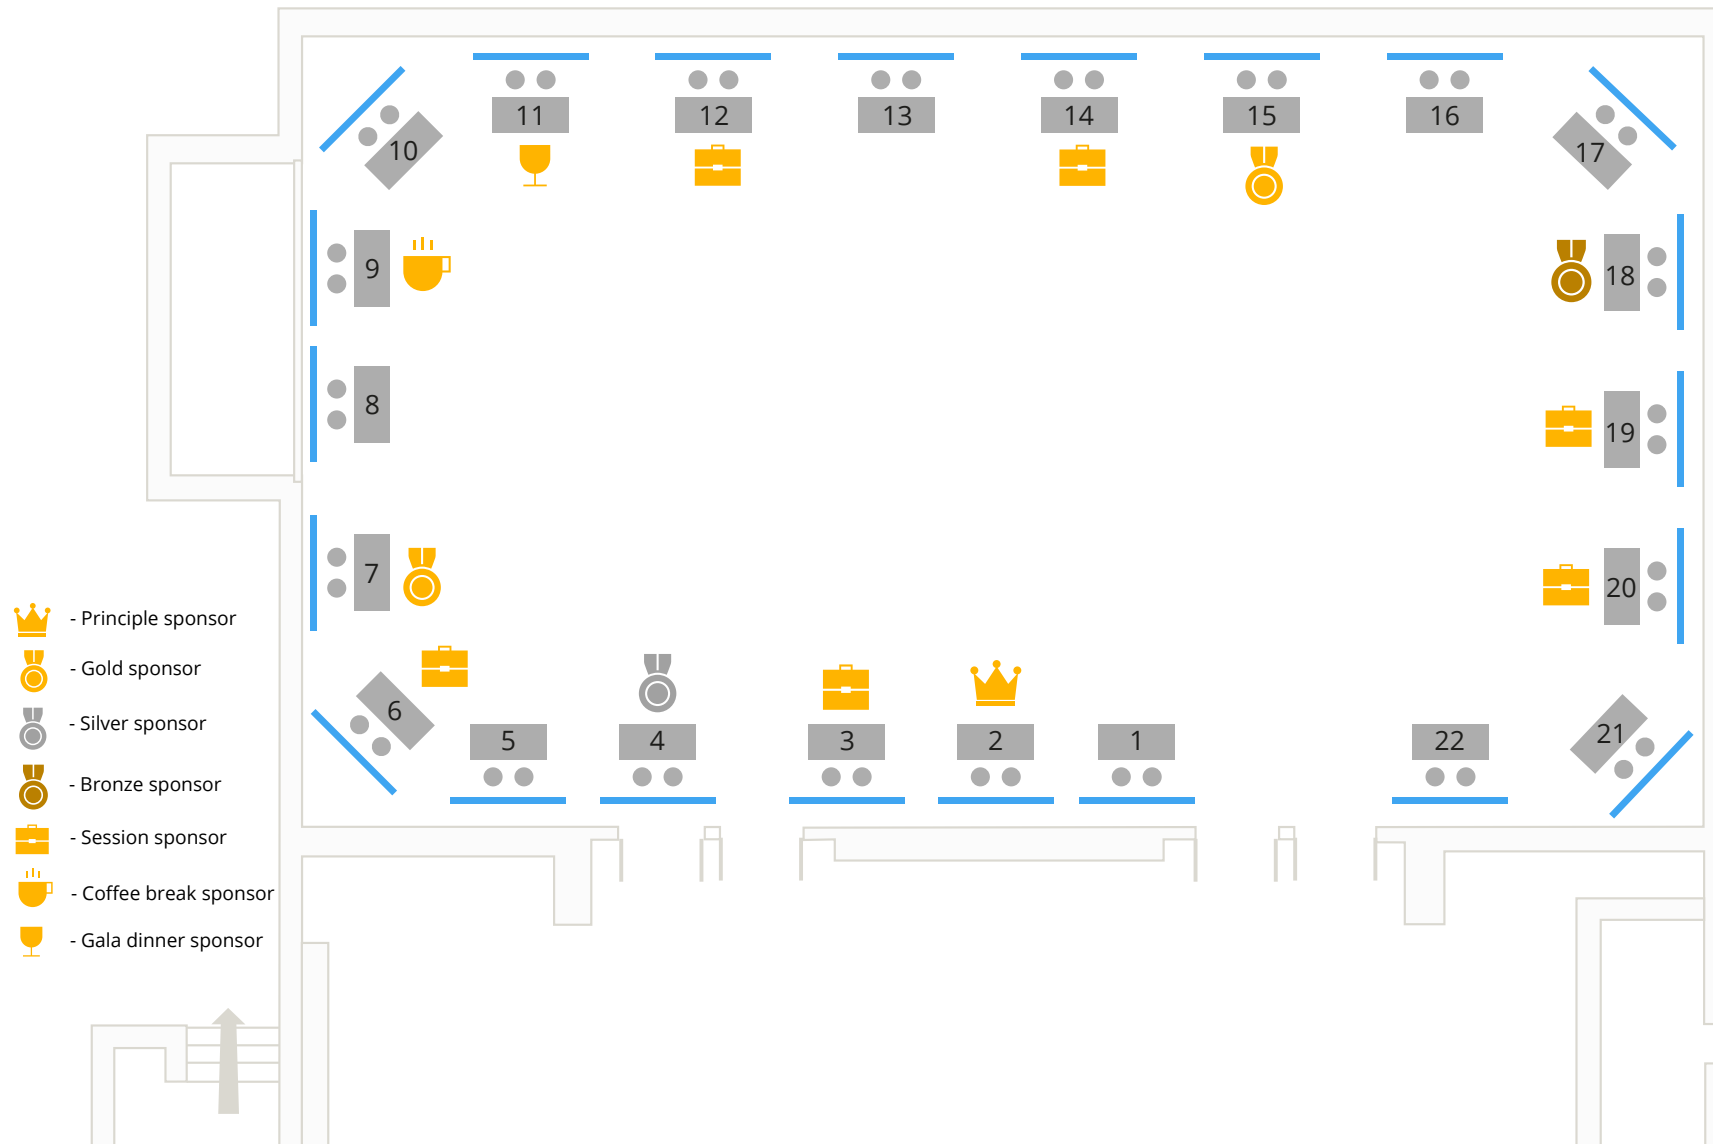

End Users' experience.  
Case studies.

## Session 6. **Bio-LNG**

### Bio-LNG

- Comparing Bio-LNG with other fuels
- Bio-LNG efficiency in modern gas engines
- Bio-LNG applications in shipping
- Bio-LNG pumping requirements and the need for insulated fuel piping

# FOCUS-EXHIBITION PLAN

# FORMATS

## Exhibition stand

- Printing and installation of the exhibition stand
- 2 delegates from the company with the access to all the formats

4 800 GBP

## Delegate packages

- 1 Delegate – 2 200 GBP
- 2 Delegates – 4 200 GBP
- 3 Delegates – 6 000 GBP
- 4 Delegates – 7 800 GBP

+ 500 GBP – page in the official catalogue

## Sponsorship opportunities

Please, for details find the attached file

 [Sponsorship\\_opportunities.pdf](#)

## Gala-dinner

190 GBP

- 20% FOR 2ND LNG CONGRESS PARTICIPANTS TILL DECEMBER 20, 2016  
EARLY-BIRD REGISTRATION TILL JANUARY 20, 2017

# DELEGATES' IMPRESSIONS

**Andre Mullan**  
GLOBAL STRATEGY & COORDINATION  
**INPEX**

"Thank you, first of all, for the invitation. It has been a privilege to come and speak. I've met fantastic people. Such conferences are intimate and it is better networking environment than those mega conferences where there are hundreds and thousands of people and you got no idea of how and who to build up a valuable network. For me it was a tremendous opportunity. I'm always looking forward to go to such conferences.

**Carlos Guerrero**  
BUSINESS DEVELOPMENT MANAGER  
FOR OIL TANKERS AND GAS CARRIERS  
**VERITAS**

"I would like to thank you, the organizers of the Congress, for inviting me to talk about the LNG and innovations in the LNG carriers. And I wish we'll have a lot of networking, new contracts and new discussions, as nowadays, in fact, LNG market is changing a lot because of the LNG prices, new LNG terminals and new trades.

**Karrie Trauth**  
TECHNICAL SHIPPING MANAGER FOR  
LNG MARINE FUEL PROJECTS  
**Shell**

"That's been a phenomenal experience. The speakers, the Round-table set up the presentations together has given us the opportunity to have some meaningful discussions and debates around the topics related to the implementation of small-scale LNG and LNG as a fuel.

**Aaron Bridges**  
VP SALES AND MARKETING  
**CHART**  
Innovation. Experience. Performance.

"I think the Congress has been great. It's got number of different people number of different venues to choose and attend. Therefore, the one thing that we have been excited about is the variety of participants that have been here, at the Congress. It's been a nice mix of people from the different verticals, whether it's an upstream side of the business or the downstream side of the LNG business. But is has been a nice mix and it's been a very good interaction so far.

**Paul Ocholla**  
COMMERCIAL DEVELOPMENT  
OFFICER  
**Graini, NIG**

"The topics were quite interesting. We have seen all of major speakers. I like the fact that it's international presence: we've seen people from Japan, people from the US, Africa and it's quite good.

**Richard Drake**  
HEAD OF BUSINESS DEVELOPMENT  
**OSL Consulting Engineers**

"We really, really enjoyed the Congress. The thing we like the best is the breadth of the people you've got here: lots of people from shipping, bunkering, engineering or suppliers. And we are glad to be a part of that.

**Ryuta Kitamura**  
ASSISTANT GENERAL MANAGER  
**JOGMEC**

"The congress impressed me a lot. I was very interested by the topics and the presentations. Thank you!

**Diego Goldin**  
EXECUTIVE DIRECTOR  
**NGV Global**

"I'm very pleased with the organization. Speakers and topics have been perfect and showed the advance of the industry into the future and I really hope that the outcome favours the growth. My congratulations to the organizers - this has been great.

**Langtry Meyer**  
COO  
**TEXAS LNG**

"I would like to thank BGS Group. It's been a tremendous conference. Very well organized panel of speakers and experts in their fields. It's remarkable in the terms of content you've put together. We've heard from the technical side, we've heard from the buyers of the LNG. We've heard from the developers like myself - Texas LNG. Networking opportunities are also viable. So, on behalf of Texas LNG - thank you.

**Alexey Mozgovoy**  
PROJECT MANAGER  
**gwi Gas und Wärme-Institut Essen e.V.**

"The atmosphere of the event was very productive. A large number of international specialists in different subject areas were present on the event. I'm looking forward to cooperate with you in the future.

**Damon Hill**  
COMMERCIAL DEVELOPMENT VICE  
PRESIDENT BUSINESS DEVELOPMENT,  
CAPITAL PROJECTS & ASSET  
MANAGEMENT  
**amec foster wheeler**

"I think the Congress is great, thanks for inviting me. You've got a very diverse mix of attendees. Clearly, people are interested in LNG side. Japanese clients are interested in the whole structure for Japan; there are lot of equipment suppliers and people like us, Amec Foster Wheeler, who actually delivers the projects. I think it's a really good range of attendees.

**Jake He**  
ASSOCIATE GENERAL MANAGER,  
INTERNATIONAL MARKETING MANAGER  
**AOK HEATER**  
奥科普华电热设备有限公司

"I enjoyed the environment, how it's putting the close atmosphere, so everyone can have more communication than at the other conferences of such type. In addition, I like how easily I can find people and find my potential customer.
