Registration & Morning Coffee

07:45 - 08:50

Chairman's Welcome & Opening Remarks

08:50 - 09:00

Gas In Transition & New Technologies

Participants

David Ledesma - Energy & Strategy Consultant, South-Court

The IEA World Energy Outlook 2018

09:00 - 09:20

Gas In Transition & New Technologies

Opportunities and constraints for gas in a decarbonised energy system

Participants

Tim Gould - Head of Division, World Energy Outlook, IEA

Analysing The Analysis

09:20 - 09:40

Gas In Transition & New Technologies

Participants

Seb Henbest - Head of Europe, Middle East & Africa, Bloomberg New Energy Finance

Where next for Europe's energy policy and markets?

09:40 - 10:30

Gas In Transition & New Technologies

The electrification of almost everything and its implications for oil and gas

Participants

Dieter Helm - Fellow, New College Oxford

The Future Of Midstream Gas & Utilities

10:30 - 11:00

Gas In Transition & New Technologies

Asset ownership and investment: with gas markets evolving in the energy transition, what changes will we see in market structure? Is the German model right? What risks and guarantees do investors need going forward? Where are the market niches where gas clearly beats renewables?

Participants

Moderator: Wolfgang Peters - Managing Director, The Gas Value Chain

Ignacio de Aguirre - Head of Strategy, Gas Natural

Dieter Helm - Fellow, New College Oxford

Pierre Vergerio - Executive Vice President, Midstream Gas, Energy Management & Optimization, Edison

Morning Coffee

11:00 - 11:30

Business Strategies & The Role Of Portfolio Players

11:30 - 11:50

Gas In Transition & Business Strategies

How are gas companies reinventing themselves?

Participants

David Wells - President, Shell Energy Europe

CNG-Mobility – Immediately Available Contribution To Sustainable Mobility

11:50 - 12:10

Gas In Transition & Business Strategies

The opportunities & challenges in the surrounding field of CNG-Mobility

Participants

Jasper Kammeyer - Group Technology Strategy and Group Agency for CNG mobility, Volkswagen Group

Prospects For The Removal Of CO2

12:10 - 12:30

Gas In Transition & Business Strategies

What technologies could be game changers for taking CO2 out of the atmosphere and what does this mean for gas?

Participants

Cameron Hepburn - Director, Economics of Sustainability Programme, Institute for New Economic Thinking

The Role Of Gas As A Fossil Fuel In A Renewables World

12:30 - 13:10

Gas In Transition & Business Strategies

What technologies are on the horizon? Discussing: batteries, hydrogen, gas mobility, CCS, bio gas & more

Participants

Moderator: Bruno Liebhaber - Director General, Centre on Regulation in Europe (CERRE)

Andreas Ballhausen - Managing Director, SOLIDpower

Hans Coenen - Vice President Business Development, Gasunie

Timm Kehler - Chairman, Zukunft ERDGAS

Kurt Oswald - Board Member, A.T. Kearney Energy Transition Institute

Dan Sadler - Programme Director (H21), Head of Hydrogen Technologies, Northern Gas Networks

Lunch

13:10 - 14:10

Ukraine

14:10 - 14:30

Stream A: European Gas Markets

Diversifying & securing gas supplies through Ukraine: increasing domestic production

Participants

Andriy Kobolyev - CEO, NJSK Naftogaz of Ukraine

Janez Kopac - Director, Energy Community Secretariat

Trading & Blockchain

14:10 - 14:30

Stream B: Trading & Innovation

How to decrease traders' costs in an environment with such pressure on margin?

Participants

Alexey Mileev - Founder, Route4gas

Storage as part of the energy transition

14:10 - 14:30

Stream C: Storage

Advances in energy storage

Participants

Cécile Previu - CEO, Storengy

Turkey

14:10 - 14:30

Stream D: Connecting South East Europe

Pipelines, regional gas trade, infrastructure and security of supply

Participants

Eser Ozdil - Secretary General, PETFORM

Mithat Rende - Ambassador (R), Member of the Board of Industrial Development, Bank of Turkey & Engie, Turkey

The Baltics

14:30 - 14:50

Stream A: European Gas Markets

Regulatory updates, requirements for storage and steering off competition

Participants

Arnout Lugtmeijer - CEO, Vopak E.O.S

Contracts & Hubs

14:30 - 14:50

Stream B: Trading & Innovation

The management of U.S. export contract exposures against European hubs

Participants

Olly Spinks - Director, Timera Energy

Storage Economics

14:30 - 14:50

Stream C: Storage

With the spread of summer/winter prices evaporating, what is the role of storage and how can it remain economically viable?

Participants

Cyriel de Jong - Founder and Director, Kyos Energy Analytics

Cyprus & Israel

14:30 - 14:50

Stream D: Connecting South East Europe

Opening up the gas sectors, new discoveries and what kind of investment opportunities will the market offer?

Participants

Carol Bailey - Director, European Rim Policy & Investment Council

Charles Ellinas - Chief Executive Officer, e-CNHC

Poland

14:50 - 15:10

Stream B: Trading & Innovation

What has been the impact on volumes from financial to physical markets?

Participants

Riccardo Rossi - Head of Regulatory Affairs, Centrica Energy

Storage & Trading

15:10 - 15:30

Stream C: Storage

Can money still be made from storage? Pricing mechanisms, hub pricing and storage stocks

Participants

John Feddersen - Director, Aurora Energy Research

Central & Eastern Europe Energy Security

15:10 - 15:30

Stream D: Connecting South East Europe

The drivers behind political, regional and market energy developments in South Eastern Europe

Participants

Gulmira Rzayeva - Senior Research Fellow, Center for Strategic Studies (SAM)

Afternoon Tea

15:30 - 16:00

Interconnector: What next?

16:00 - 16:15

Transportation & Infrastructure

How will Interconnector position itself post 2018? What will be the impact on contracts, supplies and prices?

Participants

Sean Waring - Managing Director, Interconnector

Trading & Hubs

16:00 - 16:25

'In The Boardroom Working Groups'

To what extent are NBP and TTF reliable proxies for other regions? How are other hubs developing and can they be used as an index instead?

Participants

Doug Wood - Chair of Gas Committee, EFET

Securing Energy Supplies For The U.K

16:15 - 16:50

Transportation & Infrastructure

Interconnections, storage, shale, trading, regulation, EU ETS & Brexit

Participants

Moderator: Thierry Bros - Senior Research Fellow, Oxford Institute for Energy Studies

George Grant - CEO & Managing Director, Stag Energy

Natasha Zoe Smith - Head of Gas Systems, Wholesale Markets Division, Ofgem

Corin Taylor - Director, UK Oil & Gas

Sean Waring - Managing Director, Interconnector

Batteries & Storage

16:25 - 16:50

'In The Boardroom Working Groups'

Participants

Kurt Oswald - Board Member, A.T. Kearney Energy Transition Institute

European Transportation & Distribution

16:50 - 17:25

Transportation & Infrastructure

Challenges behind sustaining current infrastructure, investing in new projects, reducing the CO2 footprint – how can DSOs & TSOs support both national and European development plans?

Participants

Moderator: Marcel Kramer - President, Energy Delta Institute

Frode Leversund - CEO, Gassco

Jean-Marc Leroy - Managing Director, Gas Chain Métier, Engie & President, GIE

Pawel Stańczak - Vice President, Ukrtransgaz

Edouard Sauvage - Chief Executive Officer, GRDF

How to benefit from Synergies between CNG-Mobility and E-Mobility

16:50 - 17:15

'In The Boardroom Working Groups'

Participants

Jasper Kammeyer - Group Technology Strategy and Group Agency for CNG mobility, Volkswagen Group

Next Generation Hydrogen

17:15 - 17:40

'In The Boardroom Working Groups'

Participants

Dan Sadler - Programme Director (H21), Head of Hydrogen Technologies, Northern Gas Networks

Storage & LNG

17:25 - 18:00

Transportation & Infrastructure

How has the environment for storage changed? What flexibility is available to respond to the changing global outlook? How are new technologies changing the landscape?

Participants

Moderator: Marcel Kramer - President, Energy Delta Institute

Francisco de la Flor Garcia - Director of Regulation, Enagas

Laszlo Fritsch - Chairman of the Board, Hungarian Gas Storage

Erich Holzer - Managing Director, OMV Gas Storage

Lubor Veleba - Chief Commercial Officer, innogy Gas Storage, President, GSE

Climate Change, Targets & CO2

17:40 - 18:00

'In The Boardroom Working Groups'

What will be the impact on gas?

Participants

Cameron Hepburn - Director, Economics of Sustainability Programme, Institute for New Economic Thinking
