Public Demonstration of LNG station in Fos-Marseille (+ Visit to Fos Works) and Final GAINN4MOS Information Day

Fos- Marseille

This will be the final event organised as part of the “GAINN projects”. The two-day event will take place in Fos-Marseille, giving all attendants the chance to visit the adaptation works of Elengy’s LNG Plant to offer bunkering services to LNG barges and ships and supply LNG to trucks and ISO containers.

On the second day, the most prominent results of GAINN4MOS and other related Actions will be presented.

18th | Public Demonstration of LNG station in Fos-Marseille + Visit to Fos Works

14:00 - 15:00 Bus transfer from Marseille to Elengy facilities in Fos

15:00 - 15:15 Arrival and registration of participants

15:15 - 15:30 Institutional Welcome (Giuseppe Spotti, Chief Marketing and Strategy Officer of Elengy)

15:30 - 17:00 Guided visit to the Elengy facilities and to the adaptation works carried out within GAINN4MOS (Mathieu Stortz, Site Manager of the Fos-sur-Mer Elengy terminals)

17:00 End of the visit and return to Marseille by bus
